June -Jubilee Project Update

Construction activities for the Jubilee Project are progressing well and on schedule. A significant milestone was completed in the last week of May with the pouring of the foundation for the Recreation Center. Steel columns and beams are being fabricated now. Construction activities will now focus on bringing utilities to the Jubilee Hall and the Recreation Center.

Please continue to support the project financially through new donations and by paying off your pledges. Also, please participate in the personal loan initiative which would help us in reducing the loan amount that we have to borrow from the bank at high interest rate. Above all, please remember the project in your daily prayers.
